Doing Good is Good for Business

Boost employee morale, advance children's health and support health equity while meeting your company's corporate social responsibility goals.

Join us in creating meaningful events for our patients and their families

At UCSF Benioff Children's Hospitals, we deliver hope and healing to all children, no matter their medical challenge or family's financial circumstances. To fulfill that mission, we rely on generous, dedicated partners, including some of the Bay Area's most charitable companies.

From employee volunteer programs to event sponsorships, cause marketing to program support, our corporate partners enjoy incredible benefits while making a life-changing difference for local families. By sponsoring a Child Life event, such as prom, bingo night or a teddy bear clinic, your Company will be given the opportunity to invite small groups of employees to engage with our kids during their favorite activities.

Many of these events wouldn't be possible without the generous support of corporations like yours. Your sponsorship helps ensure we provide adequate staffing, allowing us to prioritize the health and happiness of our patient participants.

With your fully tax-deductible support of our Child Life events, you will make it possible for patients who battle serious illness to enjoy the simple pleasure of feeling just like any other kid.

In December, patients have the chance to take a photo with Santa and receive a special gift.

Volunteers are needed to assist with setting up Santa's workshop, taking and printing photographs, decorations, distributing gifts, and escorting patients.
